

COVID WORK – YEAR 7

What is the Role of Chords?

In this lesson you will learn all about chords and their role in a piece of music.

You will learn how to construct a triad, the difference between major and minor chords, and how to play Am and Em chords on a variety of instruments. Finally, you will be able to show off what you have learned by playing along to a backing track.

Lesson 1 LEARNING Video - Oak <https://classroom.thenational.academy/lessons/what-is-the-role-of-chords-c9hk6c?step=1&activity=video>

Lesson 1 QUIZ Tasks - Oak Quiz <https://classroom.thenational.academy/lessons/what-is-the-role-of-chords-c9hk6c?step=2&activity=worksheet>

If you do not have an actual instrument at home then I suggest that you use one of the following:

Music Lab - <https://musiclab.chromeexperiments.com/Shared-Piano>

Virtual Piano - <https://www.onlinepianist.com/virtual-piano>

BandLab - <https://www.bandlab.com/> (you will need to create an account)

Perfect Piano – you will need to add as an app on an iPad or iPhone
