

For Home Learning Lessons in Design and Technology you have the option of completing the original *Design Ventura* task, or you can complete the linked lessons below from the Oak Academy:

Workshop: <https://classroom.thenational.academy/units/future-tech-now-81fd>

Food and Nutrition: <https://classroom.thenational.academy/units/catering-for-needs-400c>

Textiles: <https://classroom.thenational.academy/units/understanding-fibres-and-fabrics-8af7>

Graphics: <https://classroom.thenational.academy/units/packaging-pop-outs-bc35>

Make sure that you choose the right lesson for your current rotation! Each topic on Oak Academy has a number of lessons for you to work through and explore the subject area you are learning about in school. Design and Technology is all around us so you can learn about it wherever you are.

There is also a short Loom presentation you can watch to introduce this part of the home learning: <https://www.loom.com/share/8629fbf8b41a4f1a9eb5a22911efe823>
