Post Result Services and Fees Summary – Summer 2023

Access to Script

This is a copy of the marked exam paper that you can use to decide whether to request a review of marking or clerical re-check.

Service 1 (Clerical re-check)

This service will include the following checks: • that all parts of the script have been marked; • the totalling of marks; • the recording of marks. The outcome of the clerical re-check will be reported along with a statement of the total marks awarded for each unit, or component, included in the enquiry.

Service 2 (Review of marking)

This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. A marking error can occur because of: • an administrative error; • a failure to apply the mark scheme where a task has only a 'right' or 'wrong' answer; • an unreasonable exercise of academic judgement. The awarding body will train its reviewers to conduct reviews of marking accurately and consistently. **Reviewers will not re-mark the script. They will only act to correct any errors identified in the original marking.**
