1 Introduction

1.1 Uppingham Community College fully recognises the contribution it can make to protect children and support students in school. The aim of the policy is to safeguard and promote our students' welfare, safety and health by fostering an honest, open, caring and supportive environment. We encourage children to talk about their worries and to report their concerns to us in a number of alternative ways. The students' welfare is of paramount importance.

1.2 This policy is consistent with:

- the legal duty to safeguard and promote the welfare of children, as described in section 157 of the Education Act 2002 (or section 157 of the Education Act 2002 for independent schools and academies and the statutory guidance "*Keeping children safe in education – Statutory guidance for schools and colleges*", 2022 and "*Working Together to Safeguard Children*", 2018).
- the Leicestershire and Rutland Safeguarding Children Partnership - Multi-Agency Safeguarding Arrangements

1.3 There are four main elements to our Safeguarding / Child Protection Policy:

- **Prevention** (e.g. positive school atmosphere, teaching and pastoral support to students, safer recruitment procedures);
- **Protection** (by following agreed procedures, ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns);
- **Support** (to students and school staff and to children who may have been harmed or abused);
- **Working with parents** (to ensure appropriate communications and actions are undertaken).

1.4 This policy applies to all staff, volunteers, governors and visitors to the school. We recognise that child protection is the responsibility of all adults in school. We will ensure that all parents and other working partners are aware of our child protection policy by mentioning it in our school prospectus, displaying appropriate information in our reception and on the school website and by raising awareness at meetings with parents as appropriate.

1.5 Extended school activities

Where the Governing Body provides services or activities directly under the supervision or management of school staff, the school's arrangements for child protection will apply. Where services or activities are provided separately by another body, the Governing Body will seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children (inspecting these where needed) and that there are arrangements to liaise with the school on these matters where appropriate. Safeguarding requirements will be

included in any lease or hire agreement as a condition of use; and any failure to comply will lead to termination of the agreement.

2 Safeguarding Commitment

2.1 For the purposes of this policy, safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

2.2 The school adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff encourage children and parents to feel free to talk about any concerns and to see school as a safe place when there are difficulties. Children's worries and fears will be taken seriously and children are encouraged to seek help from members of staff.

2.3 Our school will therefore:

- Establish and maintain an ethos where children (including those who have protected characteristics under the Equalities Act 2010) feel secure and are encouraged to report concerns, talk, and are listened to;
- Ensure that children's wishes and feelings are taken into account when determining what actions to take and services to provide and that they are able to express their views and give feedback. We will always seek to act in the best interests of children.
- Ensure that children know that there are adults in the school whom they can approach if they are worried or are in difficulty and that there are alternative ways to report concerns.
- Include in the curriculum activities and opportunities for PSHE / Citizenship / Relationships Education, Relationships and Sex Education and Health Education which equip children with the skills they need to stay safe from abuse (including online and other contexts children are in), and to know to whom they can turn for help and how they can report concerns via alternative means that talking to an adult. For example, via the 'UCC Post Box' –either on-line or the physical box.
- Ensure every effort is made to establish effective working relationships with parents and colleagues from other agencies;

- Operate safer recruitment procedures and make sure that all appropriate checks are carried out and recorded on the single central record for new staff and volunteers who will work with children, including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s.128) etc. (see Keeping children safe in education part 3).

2.4 Safeguarding in the Curriculum

Children are taught about safeguarding in school. The following areas are among those addressed in PSHE and Relationships Education, Relationships and Sex Education and Health Education and in the wider curriculum:-

- Bullying (including Cyberbullying)
- Drugs, alcohol and substance misuse (including awareness of County Lines and the Criminal Exploitation of children where appropriate)
- Online safety
- The danger of meeting up with strangers
- Fire and water safety
- Road safety
- Domestic Abuse
- Healthy Relationships / Consent
- (so called) Honour Based Abuse issues e.g. forced marriage, Female Genital Mutilation (FGM) (see Appendix 7),
- Sexual exploitation of children (CSE), including online
- Child criminal exploitation (including cybercrime)
- Preventing Extremism and Radicalisation (see Appendix 5)

3 Roles and Responsibilities

3.1 General

All adults working with or on behalf of children have a responsibility to safeguard and promote their welfare. This includes a responsibility to be alert to possible abuse and to record and report concerns to staff identified with child protection responsibilities within the school.

The names of the Designated Safeguarding Lead and Deputy Designated Safeguarding Leads for the current year are listed at the start of this document.

3.2 Governing Body

In accordance with the statutory guidance “Keeping children safe in education” 2022, the Governing Body will ensure that:-

- The school has its own child protection/safeguarding policy, procedures and training in place which are effective and comply with the law at all times. The policy is made available publicly.
- All governors receive safeguarding training on induction which is regularly updated. This training will be appropriate to their role offering strategic challenge to the school.
- The school operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the Principal, nominated Governors and other staff involved in the recruitment process have undertaken Safer Recruitment Training.
- There are procedures for dealing with safeguarding concerns (including lower level concerns) and allegations of abuse against members of staff and volunteers (see Appendix 2).
- There is a senior member of the school's leadership team who is designated to take lead responsibility for dealing with child protection (the "Designated Safeguarding Lead") and there is always cover for this role with appropriate arrangements for before/after school and out of term time activities.
- The Designated Safeguarding Lead undertakes effective Local Authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their knowledge and skills are updated at regular intervals (at least annually) using safeguarding briefings etc.
- The Principal, and all other staff and volunteers who work with children (including early years practitioners within any settings on the school site), undertake appropriate training which is regularly updated at least annually, (and more comprehensively, every three years in compliance with the Safeguarding Children Partnership protocol); and new staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities (including this policy, Part 1 of Keeping Children Safe in Education (or Annex A, if appropriate), the student behaviour policy, the staff behaviour policy (code of conduct), the role of the Designated Safeguarding Lead and how to respond to children who go missing from education). The Local Authority Induction leaflet, ("Safeguarding in Education Induction – Child Protection Information, Safer Working Practice") will be used as part of this induction and Annex B from "Keeping children safe in education" 2022 is provided to all staff working directly with children.
- Any deficiencies or weaknesses brought to the attention of the Governing Body will be rectified without delay.
- The Chair of Governors (or, in the absence of a Chair, the Vice Chair) deals with any safeguarding concerns or allegations of abuse made against the Principal, in liaison with the Local Authority Allegations Manager (LADO).

- Effective policies and procedures are in place and updated annually including a behaviour “code of conduct” for staff and volunteers - “Guidance for Safer Working Practice for those who work with children in education settings Feb 2022” (supplemented where necessary by the COVID-19 Addendum April 2020). Information is provided to the Local Authority (acting on behalf of the Safeguarding Children Partnership) through the Safeguarding Annual Return.
- There is an individual member of the Governing Body who will champion issues to do with safeguarding children and child protection within the school, liaise with the Designated Safeguarding Lead, and provide information and compliance/monitoring reports to the Governing Body.
- The school contributes to inter-agency working in line with statutory guidance “Working Together to Safeguard Children” 2018 including providing a co-ordinated offer of Early Help for children who require this. This Early Help may be offered directly through school provision or via referral to an external support agency. Safeguarding arrangements take into account the procedures and practice of the local authority and the Leicestershire and Rutland Safeguarding Children Partnership.

3.3 Principal

The Principal of the school will ensure that:

- The policies and procedures adopted by the Governing Body are effectively implemented and followed by all staff;
- Sufficient resources and time are allocated to enable the Designated Safeguarding Lead and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children;
- Allegations of abuse or concerns that a member of staff or adult working at school may pose a risk of harm to children or young people are notified to the Local Authority Designated Officer, where the threshold is met.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner. The NSPCC whistle blowing helpline number is also available (0800 028 0285).
- All staff are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails to report these directly to Children’s Social Care (Children and Family Specialist Services) or the Police.

3.4 Designated Safeguarding Lead

The Designated Safeguarding Lead (or a Deputy) will always be available for staff to discuss any safeguarding concerns. The responsibilities of the DSL are found in Annex C of “Keeping children safe in education”. The DSL is a senior member of staff on the senior leadership team and the role is explicit in their job description. Responsibilities include:

- **Managing referrals** – to the local authority children’s social care, to the Channel programme, to the Disclosure and Barring Service for staff dismissed for safeguarding concerns (as required), to the Police where a crime may have been committed.
 - **Working with others** – to act as a source of support and advice, to act as a point of contact for the safeguarding partners, to liaise with the Principal or principal about issues especially to do with ongoing enquiries under section 47 of the Children Act 1989 and police investigations, to liaise with staff when deciding to make a referral to relevant agencies so that children’s needs are considered holistically, to liaise with the senior mental health lead, to promote supportive engagement with parents and carers, to take the lead in promoting educational outcomes for children in need and those with a social worker, to liaise with the Governing Body and the Local Authority on any deficiencies brought to the attention of the Governing Body and how these should be rectified without delay.
- **Information sharing and managing safeguarding records** – keeping records confidential, secure and up to date, in a separate record for each child, including a clear and comprehensive summary, detailing how the concern was followed up and resolved, with a note of actions, decisions and the outcome, sharing information as required to safeguard children and transferring records and other relevant information to the new school within 5 days or in advance if necessary.
- **Raising Awareness** – ensuring each member of staff and volunteer understands the child protection policy which is reviewed at least annually, making it available publicly, ensuring staff and governors have access to relevant training and induction, promoting educational outcomes by sharing relevant information about vulnerable children.
- **Training, knowledge and skills** – to undergo DSL training every two years (updating at least annually via bulletins etc.) and to attend Prevent awareness training, in order to understand assessment and referral processes, to contribute effectively to child protection conferences including the importance of sharing information, to understand the lasting impact that adversity and trauma can have on children and how to respond to this, to be alert to children with specific needs e.g. SEND, those with health conditions and young carers, to understand the unique risks associated with online safety.
- **Providing support to staff** – to help them feel confident on welfare, safeguarding and child protection matters, to provide support in the referral process if required and to help them to understand that safeguarding and educational outcomes are linked.
- **Understanding the views of all children** – encouraging a culture of listening to all children (including those who are known to be disproportionately impacted by different forms of harm

and abuse eg. LGBT students, disabled children or girls) and taking account of their wishes and feelings in measures taken to protect them and understanding the difficulties children may have in approaching staff about their circumstances.

- **Holding and sharing information** – sharing with safeguarding partners, other agencies and professionals and transferring records between schools and colleges in accordance with data protection legislation, keeping detailed, accurate and secure written records and understanding the purpose of this

4 Records, Monitoring and Transfer

- 4.1 Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about a child or children within the school. CPOMS is used to notify the DSL and DDSL of concerns. If a disclosure is made, staff are asked to write it down, sign and date and then pass directly to DSL/DDSL before also adding it CPOMS. The Designated Safeguarding Lead is responsible for such records and for deciding at what point these records should be shared with other agencies (in accordance with the Data Protection Act 2018 and GDPR principles).
- 4.2 Records relating to actual or alleged abuse or neglect are stored apart from normal student or staff records on CPOMS. Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.
- 4.3 Child protection records are stored securely, with access confined to specific staff, e.g. the Designated Safeguarding Lead (and relevant deputies) and the Principal.
- 4.4 Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals and ensuring these are acted upon. A case file chronology, summarizing case activity and significant events in the child's life, helps to enable effective monitoring. Any actions taken are clearly indicated.
- 4.5 When children transfer school their safeguarding records are also transferred within 5 days of them starting. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a Designated Safeguarding Lead in the receiving school with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. Where a child needs specific ongoing support, relevant information will be transferred prior to the child arriving at their new school. In the event of a child moving out of area and a physical handover not being possible then the most secure method should be found to send the confidential records to a named Designated Safeguarding Lead and a photocopy kept until receipt is confirmed. Files requested by other agencies e.g. Police, are copied.

5 Support to students and school staff

5.1 Support to students (including those with a disability or about whom there are mental health concerns)

Our school recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and view their lives in a positive way and that this is likely to adversely impact their mental health and emotional well-being. Children may be vulnerable because, for instance, they have needed an allocated social worker, have a disability, are in care, a care-leaver or previously looked after, or are experiencing some form of neglect. It is therefore important that staff recognize that mental health concerns can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. For such children school may be one of the few stable, secure and predictable components of their lives. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action will be taken, following this policy and speaking to the designated safeguarding lead or a deputy. Our school seeks to remove any barriers that may exist in being able to recognise abuse or neglect in students with Special Educational Needs, disabilities or physical health issues. These barriers include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs, and
- communication barriers and difficulties in managing or reporting these challenges.
- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

We will seek to provide such children with the necessary support to build their self-esteem and confidence, helping them to secure the very best educational outcomes they are able to achieve. The context in which safeguarding incidents and/or behaviours occur, whether in school or within or outside the home (including online), will be considered by staff, particularly the DSL and Deputy DSLs. Any associated threats or risks will be included in assessments and relevant information included in referrals to Children's Social Care. General indicators of abuse and neglect (from Part 1 of the statutory guidance) are also included in Appendix 7 of this policy and further information about specific forms of abuse are contained within Appendix B of the statutory guidance, "Keeping Children Safe in Education".

5.2 Child on child abuse

We recognise that children sometimes display harmful behaviour themselves and that even if there are no reports, it may still be happening. Incidents or allegations will be referred on for appropriate support and intervention. Such abuse is unacceptable and will not be tolerated at all or passed off as “banter”, “just having a laugh” or “part of growing up”. This abuse could for example include sexual violence and sexual harassment, “upskirting”, initiation/hazing type violence, all forms of bullying, abuse in intimate relationships between peers, consensual and non-consensual sharing of indecent images, causing someone to engage in sexual activity without consent and physical violence (e.g. hitting, kicking, shaking, biting, hair pulling, etc.). This may be experienced by both boys and girls, however, girls are more likely to be the victims and boys perpetrators. Some pupils may be more at risk of harm from specific issues such as sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination. We will therefore take positive action to create a culture of support and to ensure that girls and vulnerable groups such as LGBT and pupils from ethnic minority backgrounds feel confident to bring forward any concerns and have a safe space to talk to trusted staff about their experiences. There are different school and local authority or Safeguarding Children Partnership guidance and policies which detail the school’s procedures to address and minimise these concerns including;

1. Behaviour for Learning Policy
2. Anti-bullying Policy
3. Acceptable Use Policy
4. “Guidance for schools working with children who display harmful sexual behaviour” (Leicestershire LA Guidance) Link [here](#).
5. DfE guidance “Sexual violence and sexual harassment between children in schools and colleges” [here](#) and Part 5 of “Keeping children safe in education” [here](#).

All children will be encouraged to report to a trusted adult in school all incidents of child on child abuse wherever it may have happened and will be taught about the alternative way of doing this both in school and on-line by use of the ‘UCC Post Box’. They will always be taken seriously and never given the impression that they are creating a problem by reporting their concern or made to feel ashamed. It is recognised that even where no reports are received, this does not mean that such abuse is not taking place. It could just be that it has not been reported. Where an incident has occurred or specific risks are identified, the details will be added to a safeguarding or behaviour record for the children concerned and a thorough investigation conducted by the DSL where appropriate. A written risk assessment will be undertaken by the DSL in order to minimise the risk of further harm and to ensure the safety of all staff and students. Parents or carers of the children involved will be informed as soon as it is appropriate to do so. Support plans will be written and help offered, by different adults in school (to avoid a possible conflict of interest), to the alleged victim, the child or young person accused and any other children involved. A referral to any relevant outside agency will be made e.g. Police or Social Care. Detailed guidance and procedures are included in the linked guidance school policies listed above.

The following steps will be taken to minimise the risk of child on child abuse:

- Staff training to ensure an understanding of what it is and how to recognise signs
- Promotion of a supportive environment by teaching about acceptable and unacceptable behaviours (including online) in both assemblies and the wider curriculum e.g. PDE and Character Development
- Clear procedures put in place to govern the use of mobile phones in school
- Appropriate staff supervision of students and identifying locations around the school site that are less visible and may present more risk to students

5.3 Online safety and the use of mobile technology

We recognise that technology is a significant component in many safeguarding and wellbeing issues and that children are at risk of abuse online as well as face to face. Some children may use mobile and smart technology, whilst at school and outside of school, to sexually harass their peers, share indecent images (consensually and non-consensually) and view and share pornography and other harmful content. Many children have unrestricted access to the internet via their mobile phones and our online safety policy describes the rules governing their use in school. It also sets out the school's response to incidents which may involve one or more of the four areas of risk – content, contact, conduct and commerce. Online safety is a consideration running through the planning and implementation of all relevant policies and procedures. Staff will always respond if informed that children have been involved in sharing indecent images. The DfE guidance "Sharing nudes and seminudes: advice for education settings working with children and young people" (Dec 2020) [here](#) will be used to guide the school's response on a case by case basis.

The key points for staff and volunteers (not including the DSL) being:-

- Report immediately to the DSL
- Never view, copy, print, share, store or save the imagery, or ask a child to share or download.
- If you have already viewed the imagery by accident (e.g. if a young person has showed it to you before you could ask them not to), report this to the DSL (or equivalent) and seek support.
- Do not delete the imagery or ask the young person to delete it. Leave this for the DSL if needed.
- Do not ask the child/children or young person(s) who are involved in the incident to disclose information regarding the imagery. This is the responsibility of the DSL (or equivalent).
- Do not share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.
- Do not say or do anything to blame or shame any young people involved.
- Do explain to them that you need to report it and reassure them that they will receive support and help from the DSL (or equivalent).

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors

- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

Content – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism

Contact – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes

Conduct – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and

Commerce – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above, we will:

Educate pupils about online safety as part of our curriculum. For example:

- The safe use of social media, the internet and technology
- Keeping personal information private
- How to recognise unacceptable behaviour online
- How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they're a witness rather than a victim

Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying, the risks of online radicalisation, and the expectations, roles and responsibilities around filtering and monitoring. All staff members will receive refresher training as required and at least once each academic year

Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety

Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:

- Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
- Staff will not take pictures or recordings of pupils on their personal phones or cameras

Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology

Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones

Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation.

Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems.

Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community

Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively

Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

8.1 Artificial intelligence (AI)

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard.

UCC recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

UCC will treat any use of AI to access harmful content or bully pupils in line with this policy and our anti-bullying and behaviour policies.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school.

5.4 Sexual violence and sexual harassment

Sexual violence refers to sexual offences as described under the Sexual Offences Act 2003 including rape and sexual assault. Sexual harassment is 'unwanted conduct of a sexual nature' that can occur online and offline and may include sexual name-calling, taunting or

"jokes" and physical behaviour, for example, deliberately brushing against someone or interfering with clothes. 'Upskirting' is also a criminal offence (under the Voyeurism (Offences) Act 2019) and typically involves taking a picture under a person's clothing (not necessarily a skirt) without them knowing, in order to obtain sexual gratification or to cause humiliation, distress or alarm (anyone of any gender can be a victim). Evidence shows that girls, children with SEND and LGBT children are more likely to be the victims of sexual violence and harassment and boys are more likely to be the perpetrators. We will take positive action to create a safe and supportive culture in school, recognising the disproportionate vulnerability of these groups so that all students feel supported and

have a safe space in order to speak openly with trusted adults if they wish to do so. Sexual violence and sexual harassment can occur between children of any gender.

Curriculum

- Planned PHSE and Relationships, Sex and Health Education will include personal privacy, respect and consent so that children will have a better understanding of how to behave towards their peers including online. This will be taught alongside other safeguarding issues as set out in the DfE statutory guidance “Relationships Education, Relationships and Sex Education (RSE) and Health Education”. This will be appropriate to students’ age and stage of development. It will also be underpinned by the school’s behaviour policy and pastoral support system.

Responding to an incident

- Schools will follow the DfE guidance on ‘Child-on child sexual violence and sexual harassment’, in Part 5 of “Keeping children safe in education”.
- Relevant staff will liaise with the police, social care and parents as appropriate.
- Support will be offered to both the alleged victim(s) and child(ren) accused. Parents will be included in discussions about the format that this support will take.

5.5 Children who are absent from education

A child being absent from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may be absent or become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child’s name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being absent, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

5.6 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. CSE and CCE can affect both males and females and can include children who have been moved (trafficked) for the purpose of exploitation. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted - exploitation, as well as being physical, can be facilitated and/or take place online. CSE can include 16 and 17 year olds who can legally consent to sex but they may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point or are targeted by criminals involved in the illegal supply of drugs (County Lines) and serious violent crime. 'County Lines' involves drug networks or individuals exploiting children and young people into carrying drugs and money between cities, towns and villages. Serious violent crime can be associated with this form of criminal activity together with child sexual exploitation. Children may also be exploited into committing cybercrime or money laundering offences and organised criminal groups or individuals may exploit children and young people with enhanced computer skills to access digital networks and/or data for criminal and financial gain. Children with bank accounts may be persuaded to allow criminals to use their banking facilities to launder money. CCE can also involve working in cannabis factories, shoplifting or pickpocketing and may involve coercing children to commit vehicle crime or serious violence towards others. It is important to note that the experience of girls can be very different to that of boys but girls are also at risk. Criminal exploitation of children is a form of harm that can affect children in both a physical environment and online. Staff training includes raising awareness of these issues and any concerns are passed to the Designated Safeguarding Lead who will make a risk assessment and refer to Local Authority First Response Children's Duty if appropriate.

5.7 Serious violence

Is associated with a number of risk indicators in children including increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in

performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries. Staff will be made aware of these and of the other risk factors which increase the likelihood of involvement in serious violence, including, being male, having been frequently absent or permanently excluded from school, having experienced child maltreatment and having been involved in offending such as theft or robbery. Staff training will raise awareness to these risks and any concerns will be passed to the Designated Safeguarding Lead to co-ordinate a safeguarding response.

5.8 So-called ‘honour-based’ abuse

Encompasses crimes which have been committed to protect or defend the so-called “honour” of the family and/or the community, including Female Genital Mutilation (FGM) (see appendix 6), forced marriage, and practices such as breast ironing. All forms of so called Honour Based Abuse are abuse (regardless of the motivation) and concerns will be passed to the Designated Safeguarding Lead for onward referral as required.

5.9 Modern slavery and human trafficking

Can take on many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Children may be trafficked into the UK from abroad or moved around the country. Staff need to be aware of indicators which include, but not limited to, neglect, isolation, poor living conditions, having few personal belongings and a lack of trust and reluctance to seek help. Staff will refer any concerns to the DSL without delay who will take action and also refer victims to the National Referral Mechanism (www.gov.uk).

5.10 Private fostering arrangements

Where a child under 16 (or 18 with a disability) is living with someone who is not their family or a close relative for 28 days or more, staff inform the Designated Safeguarding Lead so that a referral to Children’s Social Care for a safety check, can be made. (A close relative includes step-parent, grandparents, uncle, aunt or sibling).

5.11 **Domestic abuse** - can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn. Staff will refer concerns to the DSL and where the police have attended an incident of domestic abuse and school receive an “Operation Encompass” call, any student who may have been impacted will be supported.

5.12 Complaints or concerns raised by parents or students will be taken seriously and followed up in accordance with the College’s complaints process.

5.13 Support for Staff

As part of their duty to safeguard and promote the welfare of children and young people staff may hear information, either from the child/young person as part of a disclosure or from another adult, that will be upsetting. Where a member of staff is distressed as a result of dealing with a child protection concern, he/she should in the first instance speak to the Designated Safeguarding Lead about the support they require. The Designated Safeguarding Lead will seek to arrange the necessary support.

6 Working with parents/carers

The school will:

- Ensure that parents/carers have an understanding of the responsibility placed on the school and staff for child protection by setting out its obligations in the school prospectus.
- Undertake appropriate discussion with parents/carers and seek necessary consent prior to involvement of Children & Family Services (Children's Social Care) or another agency, unless to do so would place the child at risk of harm or compromise an investigation.

7 Other Relevant Policies

7.1 The Governing Body's statutory responsibility for safeguarding the welfare of children goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies:

- Behaviour for Learning Policy
- Staff Code of Conduct ("Guidance for Safer working practice")
- Anti-Bullying Policy
- SEND Policy
- Educational Visits Policy
- Careers Education, Information, Advice and Guidance Policy
- First Aid Policy
- Health and Safety Policy
- Relationships and Sex Education and Health Education (RSE) Policy
- Equality and Diversity Policy
- Acceptable Use Policy
- Technology@Home Policy
- Personal Mobile Phone Use (Support and Site) (Teachers)

The above list is not exhaustive but when undertaking development or planning of any kind the school will consider the implications for safeguarding and promoting the welfare of children.

8 Recruitment and Selection of Staff (also see the Safer Recruitment policy)

- 8.1 The school's safer recruitment processes follow the statutory guidance: "*Keeping children safe in education, Part Three: Safer recruitment.*"
- 8.2 The school will provide all the relevant information in references for a member of staff about whom there have been safeguarding concerns i.e. about child protection / inappropriate conduct. Cases in which the conclusion of an allegation has been unsubstantiated, unfounded, false or malicious will not be included in employer references. A history of repeated safeguarding concerns or allegations which have all been found to be unsubstantiated, malicious etc. will also not be included in a reference.
- 8.3 The school has an open safeguarding ethos regularly addressing safeguarding responsibilities during staff meetings and fostering an ongoing culture of vigilance. All new staff and volunteers receive a safeguarding induction and are briefed on the code of conduct for adults working with children. The Leicestershire County Council induction leaflet is given to all staff and is the basis for the safeguarding induction.
- 8.4 In line with statutory requirements, every recruitment process for school staff will have at least one member (teacher/manager or governor) who has undertaken safer recruitment training.
- 8.5 We will also consider carrying out an online search on shortlisted candidates to help identify any incidents or issues that are publicly available online. Shortlisted candidates will be informed that we may carry out these checks as part of our due diligence process.
- 8.6 Staff and volunteers who provide early years or later years childcare and any managers of such childcare are covered by the disqualification regulations of the Childcare Act 2006 and are required to declare relevant information - see statutory guidance: Disqualification under the Childcare Act 2006 (last updated August 2018).

APPENDIX 1

PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD

Contents

A	General	
B	Individual Staff/Volunteers/Other Adults - main procedural steps	
C	Designated Safeguarding Lead – main procedural steps	

A. General

- 1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures contain the interagency processes, protocols and expectations for safeguarding children. (Available on the website www.lrsb.org.uk: The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse and neglect and the referral processes.
- 2) It is important that all parties act swiftly and avoid delays.
- 3) Any person may seek advice and guidance from the First Response Children’s Duty Professionals Consultation Line, particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is investigated and can report to the investigating agencies.
- 4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.
- 5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a child may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a child may be the subject of neglect. In most cases the parents’ knowledge and consent to the referral are expected, unless there is reason for this not being in the child’s interest. However, there will be circumstances when informing the parent/carer of a referral might put the child at risk and/or undermine Police enquiries, and in individual cases, advice from Children’s Social Care will need to be taken.

B. Individual Staff/Volunteers/Other Adults – main procedural steps

- 1) When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine or photograph children, or promise confidentiality. Children making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.

- 2) As soon as possible make a dated (including the day), timed and signed record of what has been disclosed or noticed, said or done and report to the Designated Safeguarding Lead in the school.
- 3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the Principal must be informed.
- 4) If the safeguarding concern or allegation is about the Principal, the information should normally be passed to the Chair of Governors (or other senior manager in a MAT) or failing that to the Local Authority Allegations Manager (LADO).
- 5) If this has not already been done, inform the child (or other party who has raised the concern) what action you have taken.

C. Designated Safeguarding Lead – main procedural steps

- 1) Begin an individual case file for each child involved which will hold a record of communications and actions to be stored securely (see section on Records, Monitoring and Transfer). Include a chronology of case activity.
- 2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation. If in doubt, seek advice from the First Response professionals consultation line.
- 3) Share information confidentially with those who need to know.
- 4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone (contact the local authority Children's Services where the child lives). Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (see link <http://lrsb.org.uk/childreport>).
- 5) If the concern is about children using harmful sexual behaviour, also refer to the separate guidance, "Guidance for schools working with children who display harmful sexual behaviour" (Leicestershire LA Guidance).
- 6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.

- 7) Exceptional circumstances: If it is feared that the child might be at immediate risk on leaving school, take advice from the First Response Professionals Consultation line (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the child until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (e.g. a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the Police should be contacted immediately.

APPENDIX 2

PROCESS FOR DEALING WITH SAFEGUARDING CONCERNS OR ALLEGATIONS AGAINST STAFF (INCLUDING PRINCIPALS), SUPPLY TEACHERS, VOLUNTEERS AND CONTRACTORS

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

There is also a school “Low-level concerns policy” which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Relevant documents:

- DfE “Keeping children safe in education: Statutory guidance for schools and colleges” (part 4: Allegations made against/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors)

1) Individual Staff/Volunteers/Other Adults who receive the allegation:

- i. Write and sign a dated and timed note of what has been disclosed or noticed, said or done.
- ii. Report immediately to the Principal.
- iii. Pass on the written record.
- iv. If the allegation or safeguarding concern is about the conduct of the Principal, report immediately to the Chair of Governors. Pass on the written record. (If there is difficulty reporting to the Chair of Governors, contact the Allegations Manager (LADO), Safeguarding and Performance Unit as soon as possible.)

2) Principal (or Chair of Governors)

- i. If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.

- ii. Before taking further action notify and seek advice from the Allegations Manager (LADO), Safeguarding and Improvement Unit on the same day.
- iii. You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation at this stage.
- iv. Report to First Response Children's Duty if the Allegations Manager (LADO) so advises or if circumstances require a referral concerning a child.
- v. Ongoing involvement in cases:
 - Liaison with the Allegations Manager (LADO)
 - Co-operation with the investigating agency's enquiries as appropriate (including working closely with the employment agency in the case of supply teachers).
 - Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
 - Possible referral to the DBS or The Teaching Regulation Agency, depending on the outcome.

APPENDIX 3

Low-level Concerns Policy

1.0 Purpose

- 1.1 This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, supply teacher, contractor or other person working in school. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the “Guidance for safer working practice for those working with children and young people in education settings” (Feb 2022) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.
- 1.2 The policy should be read in conjunction with the current statutory guidance – “Keeping Children Safe in Education” Part 4, Section 2.

2.0 Who does the policy apply to?

- 2.1 This policy applies to all staff and other individuals who work or volunteer in school.

3.0 Definition of a low-level concern

- 3.1 A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a ‘nagging doubt’, that a person working in or on behalf of the school may have acted in a way that:
 - is inconsistent with the “Guidance for safer working practice” (May 2019), including inappropriate conduct outside of work, and
 - does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the LADO

4.0 Reporting low-level concerns

- 4.1 Where a low-level concern has been identified this will be reported as soon as possible to the **Principal**. However, it is never too late to share a low-level concern if this has not already happened.
- 4.2 Where the Principal is not available, the information will be reported to the Designated Safeguarding Lead or Deputy (i.e. the most senior member of SLT acting in this role).
- 4.3 Low-level concerns about the Designated Safeguarding Lead will be reported to the Principal and those about the Principal will be reported to the Chair of Governors.
- 4.4 Where the low-level concern has been reported to the Designated Safeguarding Lead, they will inform the Principal of the details as soon as possible

5.0 Recording concerns

- 5.1 A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.
- 5.2 Where concerns are reported verbally to the Principal a record of the conversation will be made by the Principal which will be signed, timed, and dated.

6.0 Responding to low-level concerns

6.1 Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The Principal will:

- Speak to the person reporting the concern to gather all the relevant information
 - Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
 - Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
 - The information reported and gathered will then be reviewed to determine whether the behaviour,
 - i) is consistent with the “Guidance for safer working practice for those working with children and young people in education settings” (Feb 2022): no further action will be required,
 - ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, e.g. either via the Performance Management Policy or Disciplinary Policy.
 - iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
 - iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a referral should be made to the LADO and advice taken from HR. In this case the school’s Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.
- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations e.g. with the LADO iii) the decision and the rationale for it, iv) any action taken.

7.0 Can the reporting person remain anonymous?

7.1 The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may

be circumstances where this is not possible e.g. where a fair disciplinary investigation is needed or where a later criminal investigation is required.

8.0 Should staff report concerns about themselves (i.e. self-report)?

8.1 It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a manner which on reflection they consider falls below the standard set out in the “Guidance for safer working practice”. In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

9.0 Where behaviour is consistent with the “Guidance for safer working practice” (Feb 2022)

9.1 Feedback will be given to both parties to explain why the behaviour was consistent with the “Guidance for safer working practice”.

10.0 Should the low-level concerns file be reviewed?

10.1 The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

11.0 References

11.1 Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.

12.0 What is the role of the Governing Body?

12.1 The Principal will regularly inform the Governing Body about the implementation of the low level concerns policy including any evidence of its effectiveness e.g. with relevant data. The Safeguarding Governor may also review an anonymised sample to ensure that these concerns have been handled appropriately.

APPENDIX 4

Safeguarding students who are vulnerable to extremism and radicalisation

Our school recognises the duties placed on us by the Counter Terrorism Bill (July 2015) to prevent our students being drawn into terrorism.

These include:

- Assessing the risk of students being drawn into terrorism (see Appendix 5)
- Working in partnership with relevant agencies (including making referrals) under the Safeguarding Children Partnership procedures
- Appropriate staff training
- Appropriate online filtering

Our school is committed to actively promoting the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs. The students are encouraged to develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain.

There is a current threat from terrorism in the UK and this can include the exploitation of vulnerable young people, aiming to involve them in terrorism or to be active in supporting terrorism.

Our school seeks to protect children and young people against the messages of all violent extremism including but not restricted to those linked to Islamist Ideology, Far Right / Neo Nazi / White Supremacist ideology etc. Concerns should be referred to the Designated Safeguarding Lead who has local contact details for the Prevent Engagement Team (Police) and Channel referrals. They will also consider whether circumstances require Police to be contacted urgently.

APPENIX 5

Radicalisation and Extremism Risk Assessment

We do not have a specific radicalisation and extremism policy. This appendix outlines our approach:

Training:

- Staff are trained during their annual safeguarding training which includes relevant sections on radicalisation and extremism.
- The DSL is the trained Prevent Lead.
- Staff are instructed to discuss any concerns regarding radicalisation and extremism with the DSL.

Identification:

- The College filtering system is in place to red flag any issues of concern. These systems are tested termly by the DSL.
- Students have a number of routes to talk to staff if they have concerns about radicalisation and extremism: Form Tutor, Personal Development Coach (PDC), Progress Leader, DSL, DDSL or any DSP (Designated Safeguarding Person). We also have 2 systems for students to report concerns to us anonymously, if they wish – they UCC Post Box – (located in school) and an on-line version located in the students area of the College website.
- Students will explore Radicalisation and Extremism within the Personal Development Educations (PDE) provision. This will be built into the Communities pathway where we focus on British Values, Citizenship and being a Global Citizen.
- There have been no reported incidents of Radicalisation and Extremism for the Academic Years 2020-21 and 2021-22 (to date).

Risk Assessments:

There are no risk assessments in place for students for the current academic year. (2021-22)

Outside Agency Support:

- The DDSL attends monthly 'At Risk of Exploitation' meetings with Rutland CC where Radicalisation and Extremism is a sitting item on the agenda. There have been no issues presented for this agenda item for the current academic year. (2021-22)
- The DDSL has regular contact with the local Police. There have been no communications regarding Radicalisation and Extremism for the current Academic Year. (2021-22)
- UCC liaise with the Leicestershire Police Violence and Complex Crime Unit partnership to access 'staffroom drop ins' which provide the opportunity for DSLs to raise and discuss concerns or potential cases.
- The local Police report the local risk of extremism as 'practically non-existent this way'. June 2022

UCC Risk Assessment:

UCC consider the risk of Radicalisation and Extremism to be **low** for our organisation.

Monitoring:

We will continue to monitor the situations via the following means:

- Student / parent disclosures
- Local police
- 'At Risk of Exploitation' meetings with RCC
- Leicestershire Police Violence and Complex Crime Unit

APPENDIX 6

Female Genital Mutilation

Section 5B of the Female Genital Mutilation Act 2003 and section 74 of the Serious Crime Act 2015 places a mandatory duty on teachers along with social workers and healthcare professionals to report to the police where they discover that FGM appears to have been carried out on a girl under 18 or where a girl discloses that she has undergone FGM. The school's response to FGM will take into account the government guidance, "Multi-agency statutory guidance on female genital mutilation" updated October 2018. Staff will also follow the established safeguarding procedure by reporting any such concerns to the Designated Safeguarding Lead and a report must also be made to the Police.

There will be a considered safeguarding response towards any girl who is identified as being at risk of FGM (e.g. there is a known history of practising FGM in her family, community or country of origin) which may include sensitive conversations with the girl and her family, sharing information with professionals from other agencies and/or making a referral to Children's Social Care. If the risk of harm is imminent there are a number of emergency measures that can be taken including police protection, an FGM protection order and an Emergency Protection Order.

APPENDIX 7

Indicators of abuse and neglect

Abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

APPENIX 8

Recording Incidents on CPOMs – Further Guidance

Child Protection and Safeguarding:

There are 2 main definitions that staff must understand within the expectations of Child Protection and Safeguarding.

CHILD PROTECTION:

Child protection aims to keep children safe where there is serious risk of harm. Serious risk of harm many arise from a single event or a serious of concerns over time. Child Protection is more about the actions and procedures taken by agencies to ensure the safety of young people who are have been at risk or are at immediate risk.

SAFEGUARDING:

Safeguarding is a term which is broader than ‘child protection’ and relates to the action taken to promote the welfare of children and protect them from harm. Safeguarding is everyone’s responsibility. Safeguarding is defined in Working together to safeguard children 2013 as:

- protecting children from maltreatment
- preventing impairment of children’s health and development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care and
- taking action to enable all children to have the best outcomes

‘Safeguarding is everyone’s responsibility’

Safeguarding is not just about the actions taken once a concern has been identified but about identifying possible risk before it has happened and about promoting the welfare of young people in all elements of their life. Our role as teachers in this is about educating students in how to stay safe and understanding how we identify possible risk.

As professionals, if we have a concern, it is paramount we understand procedures for reporting and recording safeguarding concerns to ensure that the right

support is put into place as quickly as possible for the young person to ensure their safety.

We have been using CPOMS in school to streamline our safeguarding practice and this has run effectively for 1 term. As we have become more aware of how the system can be used, this document has been created to support the use of CPOMS to ensure we are accurately recording any concerns.

The extra information is in accordance with amendments with Keeping Children Safe in Education (KCSIE) 2018.

‘Information sharing is vital to good safeguarding’

Safeguarding Definitions and Acronyms relevant to UCC:

Below is a list of acronyms and definitions that are widely used within the UCC safeguarding culture. We encourage all staff to familiarise themselves with these to ensure they are informed when making decisions within the UCC safeguarding procedures. This content is commonly used as part of the UCC ‘logging of safeguarding concerns’ on CPOMS. The colour coding also relates to those used on our CPOMS system.

CFC	<p>Cause for Concern</p> <p>A concern about a young person which is determined by their actions and behaviour. The effect of this concern would not put the young person, or any others at any immediate risk but is something that could if left unaddressed over a period of time. This is usually based on a judgement rather than any fact or evidence.</p>	SC	<p>Safeguarding Concern</p> <p>A concern about a young person which is determined by their actions and behaviours or the actions and behaviours of others. The effect of this concern would mean the young persons, or any others, safety or health is at high risk and the concern needs to be addressed quickly. This is based on fact, evidence and quite often a disclosure which has been made.</p>		
CP	<p>Child Protection</p> <p>The young person’s safety or health is at immediate risk, (either in school or if they leave school grounds), and the concern must be addressed immediately. The young person must not be left on their own and other</p>	SOC	<p>Social Concern</p> <table border="1" style="width: 100%; margin-top: 10px;"> <tr> <td style="background-color: #90EE90; text-align: center; vertical-align: top;">CFC</td> <td style="background-color: #90EE90;"> <p>It is noticeable the young person is spending a lot of unstructured time alone.</p> </td> </tr> </table>	CFC	<p>It is noticeable the young person is spending a lot of unstructured time alone.</p>
CFC	<p>It is noticeable the young person is spending a lot of unstructured time alone.</p>				

	agencies will need to be involved. This is based on fact, evidence and a disclosure which has been made.	SC	The young person is isolated all of the time.
--	--	----	---

DCC	Distinct Change in Character	UA	Unkempt Appearance
	CFC The young person hasn't been themselves on several noticeable occasions, without an extenuating reason.		CFC The young person is noticeably 'scruffy' or personal hygiene is noticeably poor on several occasions.
	SC There has been a prolonged change in character and the young person is very different to how they usually behave or act. There will be no extenuating reason for this change.		SC The young person persistently arrives at school looking unclean, 'scruffy', not properly dressed in uniform. Their personal hygiene is persistently poor and commented on by others.
FI	Frequent Injuries Persistently receiving injuries which are clearly visible and have some explanation. Some injuries will have very little explanation.	OSB	Over Sexualised Behaviour
			CFC On a couple of noticeable occasions, the young person's behaviour, actions or language have had sexual references.
			SC The young person persistently references sexual activity in their behaviour, actions or language.

ED	Eating Disorder Any of a range of psychological disorders characterized by abnormal or disturbed eating habits	SH	Self-Harm In general, self-harm (also known as self-injury or self-mutilation) is the act of deliberately causing harm to oneself either by causing a physical injury, by putting oneself in dangerous situations and/or self-neglect.
WBC	Well-Being Concern	ST	Sexting Sexting is when someone shares sexual, naked or semi-naked images or videos of themselves or others or sends sexually explicit messages. They can be sent using mobiles, tablets, smartphones, and laptops - any device that allows you to share media and messages. Sexting may also be called trading nudes, dirties or pic for pic.
	CFC		
	SC		
IR	Inappropriate Relationships	SUC	Substance Concern
	CFC		
	SC		
		SC	It is suspected that the young person is misusing any substance or alcohol. This will be based upon a disclosure made by someone else or the young person is linked to substance paraphernalia in some way.
		CP	The young person, or another, has disclosed they are misusing a substance OR you have witnessed the young person misusing a substance OR The young person has substance paraphernalia on their person.

Child Protection Definitions:

The following is a list of definitions that would constitute a Child Protection issue of which the young person would be at immediate risk if action is not taken. These would be preceded by a disclosure that has been made.

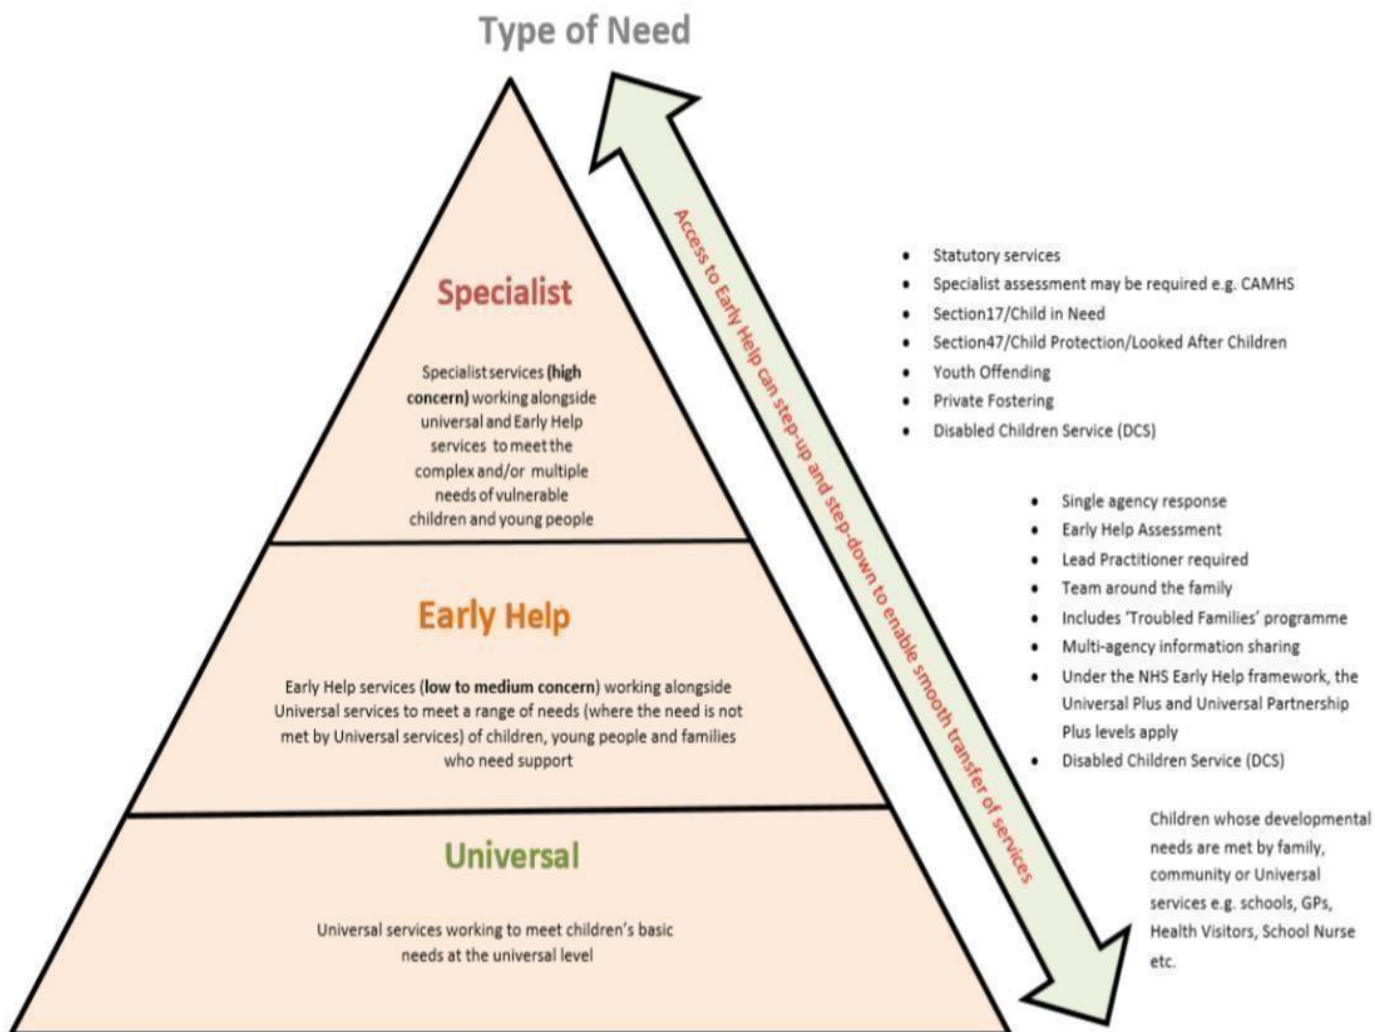

CSE	Child Sex Exploitation A form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual.	FGM	Female Genital Mutilation Female genital mutilation (FGM) includes procedures that intentionally alter or cause injury to the female genital organs for nonmedical reasons. The procedure has no health benefits for girls and women.
-----	---	-----	---

DV	Domestic Violence Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological, physical, sexual, financial and emotional.	GR	Grooming Grooming is when someone builds an emotional connection with a child to gain their trust for the purposes of sexual abuse, sexual exploitation or trafficking. Children and young people can be groomed online or face-to-face, by a stranger or by someone they know. Many children and young people don't understand that they have been groomed or that what has happened is abuse. Further Information: https://www.nspcc.org.uk/preventingabuse/childabuse-andneglect/grooming/
----	--	----	---

<p>PA</p>	<p>Physical Abuse</p> <p>Physical abuse is any intentional act causing injury or trauma to another person or animal by way of bodily contact. In most cases, children are the victims of physical abuse.</p>	<p>RA</p>	<p>Radicalisation</p> <p>The action or process of causing someone to adopt radical positions on political or social issues.</p>
<p>SA</p>	<p>Sexual Abuse</p> <p>Sexual abuse, also referred to as molestation, is forcing undesired sexual behaviour by one person upon another. When that force is immediate, of short duration, or infrequent, it is called sexual assault.</p>	<p>SUA</p>	<p>Substance Abuse</p> <p>An excessive use of a drug (such as alcohol, narcotics, or cocaine) without medical justification.</p>
<p>UI</p>	<p>Unexplained Injury</p> <p>An injury that has no explanation at all. The young person appears unable to account for it in any way. The injury might be obviously evident or hidden.</p>	<p>SO</p>	<p>Supervision Order</p> <p>A court order placing a child or young person under the supervision of a local authority or a probation officer in a case of delinquency or where care proceedings are appropriate.</p>

Thresholds

APPENDIX 10

Support and Guidance for a Disclosure Conversation

During your conversation with the child or adult:

- Allow them to speak freely, listen to what is being said without interruption and without asking leading questions.
- Keep questions to a minimum and of an open nature i.e. “Can you tell me what happened?” rather than “Did x hit you?”
- Remain calm and do not over-react – the child or adult may stop talking if they feel they are upsetting you.
- Give reassuring nods or words of comfort – “I’m so sorry this has happened”, “I want to help”, “This isn’t your fault”, “You are doing the right thing in talking to me”.
- Do not be afraid of silences – remember how hard this must be for the child or adult.
- Under no circumstances ask investigative questions – such as how many times this has happened, whether it happens to siblings too, or what do other family members think about all this.
- At an appropriate time tell the child or adult that in order to help them you must pass the information on.
- Do not automatically offer any physical touch as comfort; it may be anything but comforting to a child who has been abused.
- Avoid admonishing the child or adult for not disclosing earlier. Saying “I do wish you had told me about this when it started” or “I can’t believe what I’m hearing” may be your way of being supportive but they may interpret it that they have done something wrong.
- Tell the child or adult what will happen next. The child or adult may agree to go with you to see the Designated Safeguarding Lead (DSL). Otherwise let them know that someone will come to see or contact them before the end of the day.
- Report verbally to the Designated Safeguarding Lead (DSL).
- Write up your conversation as soon as possible and hand it to the Designated Safeguarding Lead (DSL).
- Seek support if you feel distressed.
- If you are unsure you should always have a discussion with the Designated Safeguarding Lead (DSL) to agree the best way forward.

Staff must always IMMEDIATELY inform the Designated Safeguarding Lead (DSL) if there is:

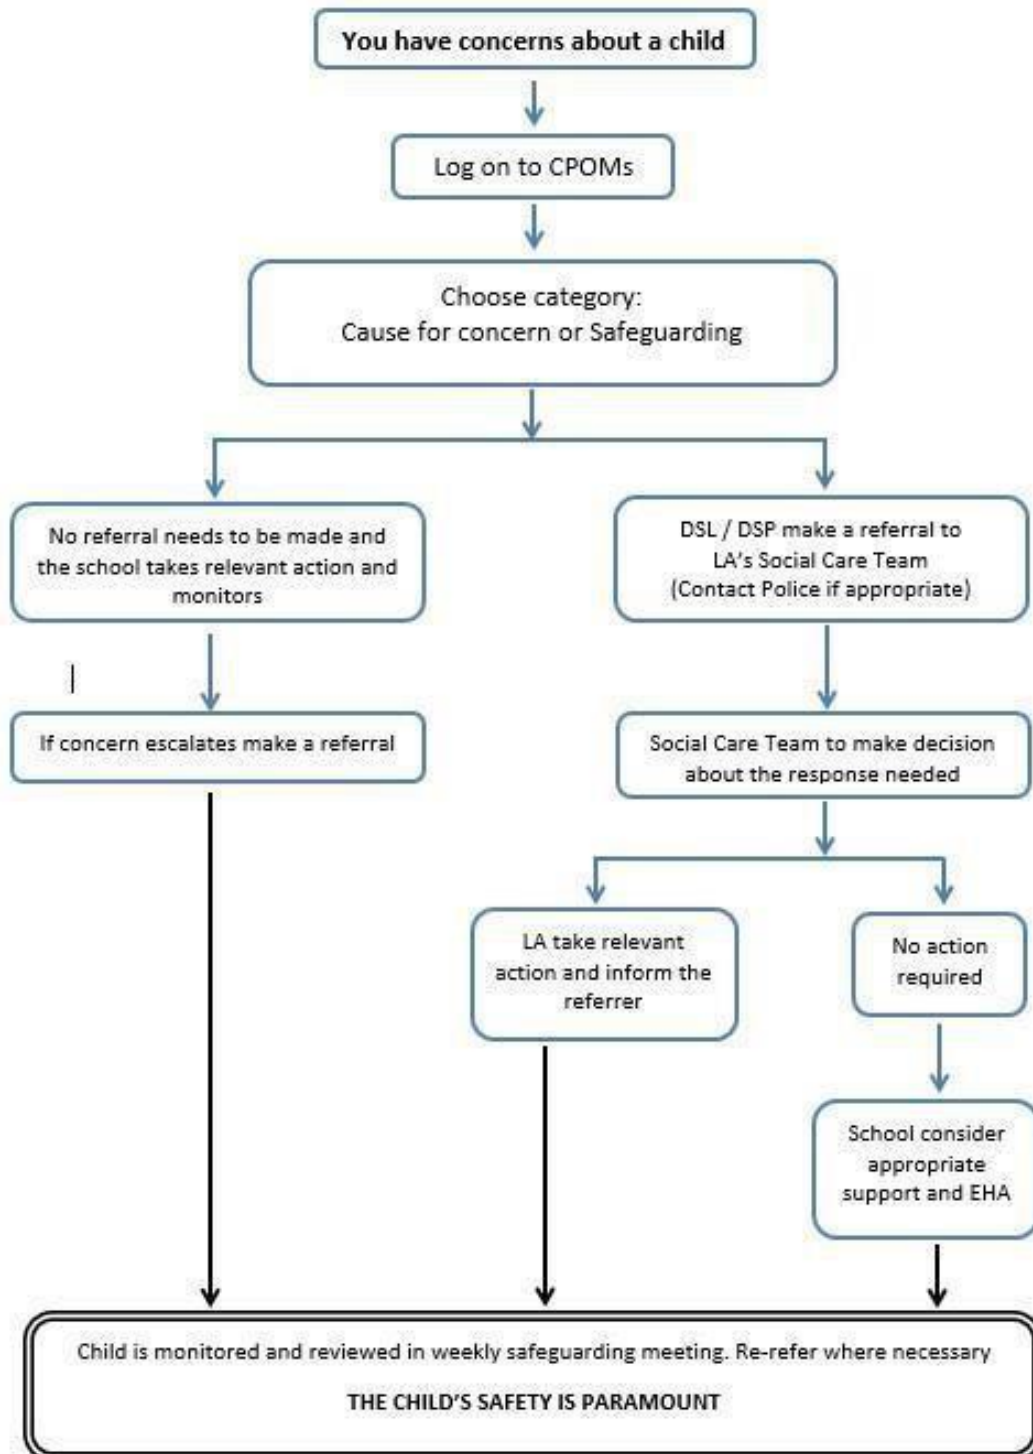

- Any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play.

- Any explanation given which appears inconsistent or suspicious.
- Any behaviours which give rise to suspicions that a child may have suffered harm.
- Any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment.
- Any concerns that a child is presenting signs or symptoms of abuse or neglect.
- Any significant changes in a child's presentation, including non-attendance.
- Any hint or disclosure of abuse about or by a child/young person.
- Any concerns regarding person(s) who may pose a risk to children e.g. living in a household with children present.
- Any concerns about peer-on-peer abuse; this should never be tolerated and passed off as banter or part of growing up (see Section 5).
- Information which indicates that the child is living with someone who does not have parental responsibility for them (private fostering).
- Any concerns that a child is at risk of forced marriage, honour-based violence or Female Genital Mutilation (FGM).

Referral Diagram – Non-Immediate Concern

Procedure if you have concerns about a child's welfare
No immediate danger...

APPENDIX 12

The Seven Golden Rules for Sharing Information

- 1. Remember that the Data Protection Act 1998 and Human Rights Law are not barriers to justified information sharing** but provide a framework to ensure that personal information about living persons is shared appropriately.
- 2. Be open and honest** with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.
- 3. Seek advice** for other practitioners if you are in any doubt about sharing the information concerned, without disclosing the identity of the person where possible.
- 4. Share with informed consent where appropriate** and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is a good reason to do so, such as where safety may be at risk. You will need to base your judgement on the facts of the case. When you are sharing or requesting personal information from someone, be certain of the basis upon which you are doing so. Where you have consent, be mindful that an individual might not expect information to be shared.
- 5. Consider safety and wellbeing:** Base your information sharing decisions on considerations of the safety and wellbeing of the individual and others who may be affected by their actions.
- 6. Necessary, proportionate, relevant, adequate, accurate, timely and secure:** Ensure that the information you share is necessary for the purpose for which you are sharing it, it is shared only with those people who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely.
- 7. Keep a record** of your decision and the reasons for it – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.

Taken from [Information Sharing: advice for practitioners providing safeguarding services to children, young people, parents and carers, \(2015\)](#) HM Government.

APPENDIX 13

Letters of Safeguarding Recognition

Letter:	Purpose:
Letter 1	<p>Letter of Safeguarding Recognition for Alternative Provision Provider – UCC students are accessing additional provision.</p> <p>Send letter to Alternative Provision Provider when any UCC student are accessing alternative provision on another site. This can be a regular provision which will have been agreed with Inclusion or it might be a one-off event which has been organised by departments, for example a gifted and talented event held at another school. This would also include visits for school fixtures.</p> <p>This letter will safeguard our students in the following ways:</p> <ul style="list-style-type: none">- Lets us know their staff have been rigorously checked.- Provides confirmation that our students are safe to be supervised by their staff. <p>When accompanying students on alternative provision, our staff will still be expected to supervise our students.</p>
Letter 2	<p>Letter of Safeguarding Recognition for School Exchanges – UCC students to stay with host families.</p> <p>Send letter to exchange organiser for whichever school our students will be attending on the exchange. A letter of response must be obtained before the exchange departs. Please be aware that safeguarding practices are different and therefore their checks may not be as rigorous.</p> <p>This letter will safeguard our students in the following ways:</p> <ul style="list-style-type: none">- Peace of mind that they are happy that their staff and host families can keep our students safe.- They have completed the checks they are supposed to complete in accordance to their safeguarding practices.

Letter 3	<p>Letter of Safeguarding Recognition for School Exchanges – Exchange students staying with UCC host families.</p> <p>Send letter to exchange organiser for whichever school the exchange students will be visiting from. This letter must be sent out before the students depart from their school. This letter forms a declaration that meets the requirements of our safeguarding practices and provides peace of mind for the visiting school.</p> <p>This letter will safeguard their students in the following ways:</p> <ul style="list-style-type: none"> - Peace of mind that we are happy that are staff and host families can keep their students safe. - We have completed the checks we are required to complete in accordance to our safeguarding practices.
Letter 4:	<p>Declaration of Safeguarding Recognition</p> <p>This letter must be obtained from the DSL and provided for any establishment that requests a Letter of Safeguarding Recognition, also referred to as a Letter of Comfort.</p>
