

Post Result Services and Fees Summary – Summer 2026

Access to Script

This is a copy of the marked exam paper that you can use to decide whether to request a review of marking or clerical re-check.

Service 1 (Clerical re-check)

This service will include the following checks: • that all parts of the script have been marked; • the totalling of marks; • the recording of marks. The outcome of the clerical re-check will be reported along with a statement of the total marks awarded for each unit, or component, included in the enquiry.

Service 2 (Review of marking)

This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. A marking error can occur because of: • an administrative error; • a failure to apply the mark scheme where a task has only a 'right' or 'wrong' answer; • an unreasonable exercise of academic judgement. The awarding body will train its reviewers to conduct reviews of marking accurately and consistently. **Reviewers will not re-mark the script. They will only act to correct any errors identified in the original marking.**

Costs per awarding body: (please note - costs shown in the table below are per paper NOT per subject)

*Please note, depending on the exam board, when submitting components for a Review of Marking, the timing of the requests will affect the fee charged. If the subject grade changes, there will be no charge for any component (paper) that is requested at the same time or requested separately when the outcome of the linked component/s is still in progress. For AQA and Pearson, if components are submitted after a review of a linked component has been completed, you will be charged separately for each component. The fee for each component will depend on whether it does or does not change the overall subject grade.
