

Post 16 Open Events 2019-2020

It is always advisable to check dates/times **before** attending as changes are sometimes made. Many schools and colleges now ask for a completed "intending to attend" form for events, these can also be found on their websites.

All students must complete a blue college visit request form at least 10 days before the visit.

If you are leaving college with someone who does not have parental consent we must have written permission.
