Attendance

94%+ significantly improves GCSE outcomes

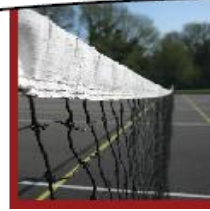

Hard Work

Hard work significantly improves GCSE outcomes

- **5 things parents can do:**

1. Create a study space
2. Talk about time balance
3. Tackle the devices
4. Be mindful of well-being
5. Be involved.

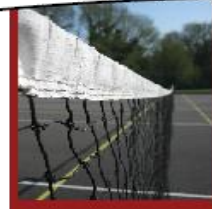

1. Create a study space

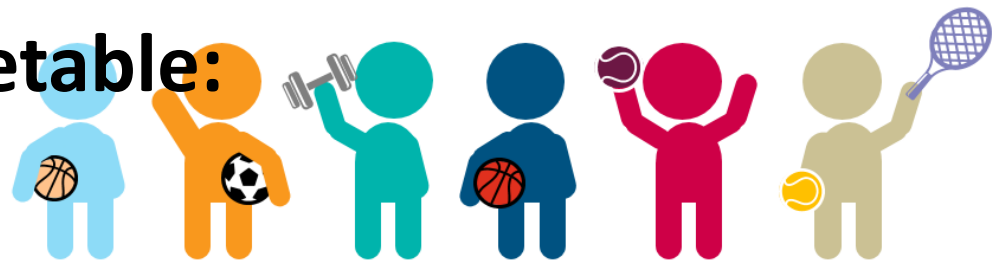

Find a good place to study:

- Comfortable
- Well lit
- Free from distractions

2. Talk about time balance

Plan out a study timetable:

- Put in school first
- Then add in any extra curricular clubs / jobs
- Leave room to increase study time later in the year
- Make sure you include “down time”

3. Tackle the devices

Massive distraction

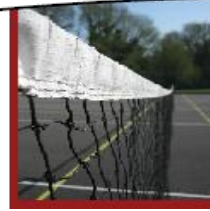

Reach an agreement

4. Be mindful of well-being

Be prepared to change time balance

Talk to school, Mrs Lowe

5. Be involved

Encourage and help organisation

Encourage organisation:

- Keep old exercise books organised and labelled
- Different folders for different subjects
- Refer back to notes when doing homework
- Keep on top of deadlines

Revision Guides

- Recommended to have one for each subject.
- List of UCC recommended ones (with ISBNs) is on **Revision** page of **Students** section of UCC website:

Speed-Time (or Velocity-Time) Graphs

Speed-time graphs have speed on the y-axis and time on the x-axis. Velocity-time graphs would simply have velocity on the y-axis instead of speed.

- If an object's speed is constant, then the speed-time graph will be horizontal.
- If the object is not moving (is at rest), the graph will run along the x-axis because that is where $y = 0$.
- Acceleration determines the change in speed.
 - If the speed of an object increases with time,
